

CHANGES IN LIFE

By Geoff Serpell

Our world is constantly changing and has from the beginning of time.

The Greek philosopher, Heraclitus, is attributed as saying: "The only constant in life is change." He went on: "Everything changes and nothing remains still, and you cannot step twice into the same stream".

History tells us of continuous changes, when kingdoms rise then fall, seasons come and go and people prosper, then fade away before passing away.

The pace of life makes us feel that the speed of change has quickened, perhaps

due to rapidly changing technology.

We only need to compare our mobile phones, tablets, and motor cars to confirm the rapid upgrades taking place continuously.

Truths which date back to when time began do not change in importance, however.

Integrity, decency, kindness and compassion remain to touch our hearts always.

Reflection:

All truth comes from Jesus Christ. StPaul described our Lord as the same yesterday, today and forever.

In him we find truth and can take comfort and hope. Mountains may depart but kindness will not depart from the Lord.

MORE MONEY FOR MISSION

God calls us to be wise and generous stewards of the resources with which we have been blessed.

The UCA Vic Tas now provides a new opportunity for congregations to more fully live into this calling by transitioning real estate assets into shares in an ethical fund.
