

COVID-Normal

As both Tasmania and Victoria have now entered “COVID-Normal” the FAQs are no longer updated each week and will now only be updated as required in line with respective State Government directives.

Since April 2020 the Synod’s Coronavirus Crisis Team have gathered your frequently asked questions and provided easy answers to all current COVID restrictions and requirements which relate to the life of the Church.

This information has been provided in our COVID FAQs, templates and posters on the UCA VicTas website.

It is a **requirement** that signage be displayed at all church owned property showing the maximum number of people permitted to enter the building. Our new templates will ensure you remain COVID-compliant.

Before opening your doors to worship services and other

activities it is vital to consider all of the requirements.

We have designed a **Recovery Action Plan checklist and Church Facilities Reopening checklist** to assist you in deciding if you are able to be COVID-19 and OHS compliant.

<https://victas.uca.org.au/all-you-need-to-know-answers-to-your-frequently-asked-questions/>

Both checklists should be completed by the Church Council before making any plans to reopen your doors.

Further support is available at:

CrisisManagement@victas.uca.org.au or your Presbytery or from the Synod Safety Officer Elnura.Dulakovic@victas.uca.org.au.
