

NORTHEY LECTURES

Liturgy and Lectionary: New Perspectives

A day of Northey Lectures with two keynotes, discussion and lunch.

Dr Tanya Riches

Liturgy on the Move: Pentecostal, Aboriginal and Secular Collisions

This talk explores interactions between Australian Pentecostals in their Indigenous, Classical Fundamentalist, Neoliberal, and Ex-vangelical forms, with implications for Christian witness and how this informs public conversation about faith.

Dr Jione Havea

Worship in Native Motions

The RCL is a useful tool and discipline, but it is limited and problematic. Dr Havea explores the way the RCL is a "doctrine of occupation" in the way it perpetuates the Christian occupation of lands, faiths, minds, and spirits. How might a theology of worship from the perspectives of Indigenous peoples reframe our approach?
