

# A guide to CLEANING AND SANITISING

**Step 1**  
**Scrape**

Remove all dirt, grease and food particles from the item to be cleaned.

**Step 2**  
**Rinse**  
(first time)

Rinse with clean warm flowing water. Remove all visible signs of food or dirt.

**Step 3**  
**Apply detergent**

Use warm/hot water with the correct amount of detergent to remove any remaining food matter.

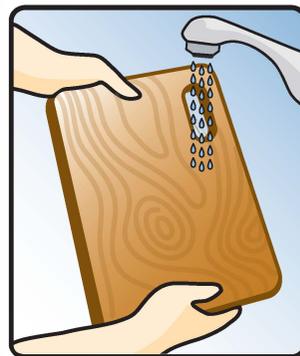

**Step 4**  
**Rinse**  
(again)

Rinse with warm to hot water. Remove all detergent to reduce the risk of chemical contamination.

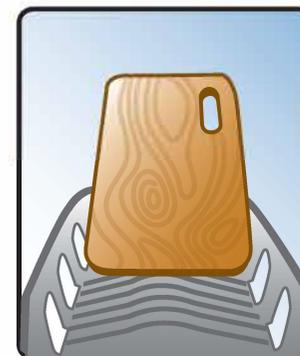

**Step 5**  
**Sanitise**

Apply sanitiser as per product instructions at the required temperature for the required time.

**Step 6**  
**Rinse**  
(last time)

Perform a final rinse with warm flowing water. Remove all signs of sanitiser from the item.

**Step 7**  
**Dry**

Allow to air dry. Do not use cloths/towels as these can harbour dangerous levels of bacteria.
