Standing Committee Members are appointed at each ordinary Synod meeting on a rotating basis. Refer to Note 21 for full details of membership of Standing Committee throughout the year.

1. PRINCIPAL ACTIVITIES

The Synod's principal activity is to have general oversight, direction and administration of the Church's worship witness and service within its bounds.

The Standing Committee is empowered to act on behalf of the Synod between meetings of the Synod in respect of any of the responsibilities of the Synod except such as the Synod may determine. The Standing Committee reports its decisions to the next ordinary meeting of the Synod.

2. REVIEW OF OPERATIONS

The operating result for the year is a surplus of \$1,309,000 which compares to \$8,206,000 in 2015.

A number accounting processes changed in 2015 and 2016 resulting in an improved result. There were also some unusual events in 2015. The result excluding these one off events is an underlying deficit of (\$3.6m) compared to the underlying deficit in 2015 of (\$5.8m).

3. REVIEW OF FINANCIAL POSITION

Cash held at the end of the financial year for operational purposes was \$1,839,000, compared to \$1,309,000 in 2015. The cash held fluctuates with daily operational needs and is replenished, as required, from Synod investments.

The Synod's Investments increased by \$2.2m. All investments are held in either UCA Fund Cash Portfolio, UCA Funds Growth Portfolio and UCA Fund Australian Equities. During 2015 Standing Committee approved a change in the investment strategy.

The previous strategy only invested in UCA Funds Cash Portfolio and UCA Funds Growth portfolio. The change was to reallocate investments from Growth/Cash to Australian Equities. The strategy is being progressively implemented.

Reallocation of investments	2016		20	15
	Purchase	Withdrawal	Purchase	Withdrawal
Cash Portfolio		\$10.71m		\$17.76m
Growth Portfolio		\$1.96m		\$7.59m
Australian Equities	\$12.67m		\$25.35m	

In addition to the above \$2.5m of growth fund units were purchased under the previous policy.

A number of funds benefited from the reallocation of investments and recorded a gain on sale of growth fund units of \$1,075,000 and from an increase in the value of investments in the Growth Portfolio and Australian Equities of \$6.7m.

The following funds recorded material changes in 2016:	\$'000
Insurance Fund	\$1,037
Overall property and insurance operations recorded a surplus. However, this included the transfer of	
grants provided for Development and Capital projects which are now recorded on the Balance Sheet as	
loans. This was slightly more than was anticipated. The underlying result is a surplus of \$129k.	
Major Strategic Review	(1,073)
The Major Strategic Review has now concluded and work has moved to implementation. The final	
operational result was a deficit of (\$608k). Excess funds were returned to the Ministry Liquidity fund.	
UnitingCare Network Project	(1,802)
This is a major exercise to consolidate UnitingCare agencies under one organisation "Uniting" at a cost in	
2015 of \$1.8m. This is funded by a loan from Unearmarked Funds and will be repaid by the "Uniting".	
Unearmarked Synod Funds	\$3,114
The change in accounting policy for Development and Capital projects has resulted in a favourable	
adjustment of \$3.283m. Excluding this adjustment the result is a deficit of (\$169k).	
Development Fund Reserve	(1,186)
The Standing Committee approved a change in procedure to recognise the surplus of Retail Funds as	
income to the Mission Support Fund in the year in which it is earned. The balance of this reserve has	
been transferred to Mission Support Fund.	
Share Community Appeal	\$853
Surplus with unexpected receipt of bequests.	

STANDING COMMITTEE REPORT (Continued)

4. SIGNIFICANT CHANGES IN STATE OF AFFAIRS

There were no significant changes in the state of affairs of the Synod.

5. MATTERS SUBSEQUENT TO THE END OF THE FINANCIAL YEAR

Royal Commission

Due to the continuing work required for the Royal Commission into institutional response to Child Sexual Abuse, the task group will be seeking further funding of approximately \$0.740m for its continuing work.

Major Strategic Review (MSR)

MSR has completed their review and recommendations regarding strategy, governance and financial sustainability. The Strategic Implementation Review Team is in the early stages of planning, assessing priorities and the financial implications required to address the initiatives in the areas of strategy, governance and financial sustainability.

6. LIKELY DEVELOPMENTS AND EXPECTED RESULTS OF OPERATIONS

Information on likely developments in the operations of the Synod and the expected results of operations have not been included in this report because the Standing Committee members believe it would be likely to result in unreasonable prejudice to the entity.

7. ENVIRONMENTAL REGULATION

The entity is not subject to significant environmental regulation in relation to its operating activities.

8. MEMBERS' BENEFITS

No member of the Standing Committee received or became entitled to receive any benefit by reason of a contract made by the Synod other than remuneration paid to Standing Committee members in their capacity as Synod staff members.

9. MEMBERS' INTERESTS IN CONTRACTS

Other than normal employee contracts and loans to ministers there are no other contracts involving members of the Standing Committee that were entered into since the end of the previous year or existed at the end of the financial year.

10. ROUNDING OF AMOUNTS TO NEAREST THOUSAND DOLLARS

Amounts in the Standing Committee Report and financial report have been rounded off to the nearest thousand dollars unless otherwise stated.

This report is made in accordance with a resolution of the Standing Committee.

Independent Auditor's Report To the Standing Committee of The Uniting Church in Australia - Synod of Victoria and Tasmania

We have audited the accompanying financial report, being a general purpose financial report, of The Uniting Church in Australia - Synod of Victoria and Tasmania (the "Synod"), which comprises the statement of financial position as at 31 December 2016, and the statement of comprehensive income, statement of changes in equity and statement of cash flows for the year ended on that date, a summary of significant accounting policies and other explanatory notes to the financial report and the Standing Committee declaration.

Responsibility of the Standing Committee for the financial report

The Standing Committee of the Synod is responsible for the preparation and fair presentation of the financial report in accordance with Australian Accounting Standards. This responsibility includes such internal controls as the Standing Committee determines are necessary to enable the preparation of the financial report to be free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on the financial report based on our audit. We conducted our audit in accordance with Australian Auditing Standards which require us to comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error.

Grant Thornton Audit Pty Ltd ACN 130 913 594 a subsidiary or related entity of Grant Thornton Australia Ltd ABN 41 127 556 389

In making those risk assessments, the auditor considers internal control relevant to the Synod's preparation and fair presentation of the financial report in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Synod's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the Standing Committee, as well as evaluating the overall presentation of the financial report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Independence

In conducting our audit, we have complied with the applicable independence requirements of the Accounting Professional and Ethical Standards Board

Auditor's Opinion

In our opinion, the financial report of The Uniting Church in Australia - Synod of Victoria and Tasmania presents fairly, in all material respects, the Synod's financial position as at 31 December 2016 and of its performance and cash flows for the year then ended in accordance with Australian Accounting Standards.

STANDING COMMITTEE DECLARATION IN RELATION TO THE FINANCIAL REPORT FOR THE YEAR ENDED 31 DECEMBER 2016

The Standing Committee declare that the financial statements and notes set out on pages 13 to 29.

- (a) comply with Accounting Standards in Australia and other mandatory professional reporting requirements; and
- (b) give a true and fair view of the Synod's financial position as at 31 December 2016 and of its performance, as represented by the results of its operations, changes in equity and its cash flows, for the financial year ended on that date.

In the committees' opinion:

(a) there are reasonable grounds to believe that the Synod will be able to pay its debts as and when they become due and payable.

This statement is made in accordance with a resolution of the Standing Committee.

NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

This financial report is a general purpose financial report and has been prepared in accordance with Accounting Standards and other authoritive pronouncements of the Australian Accounting Standards Board. All amounts are stated in Australian Dollars, which is the functional and presentational currency of the Synod. Amounts are presented to the nearest thousand dollars unless otherwise stated.

It is prepared in accordance with the historical cost convention, except for certain assets which, as noted, are at valuation. Unless otherwise stated the accounting policies adopted are consistent with those of the previous year.

The financial report is for the operations of the Synod of Victoria and Tasmania, a not-for-profit entity. The units of the Synod include Support Services, the Commission for Mission and the Centre for Theology and Ministry. Also included are the results for the Uniting Aboriginal and Islander Christian Congress in Victoria and Tasmania and bequests and trusts under the management of the Property Trusts. The financial report does not include the operations of the following entities for which the Synod does not have direct control:

UCA Funds Management

Uniting AgeWell

Uniting Church congregations and Presbyteries

Uniting Church schools and University Colleges

Uniting agencies (formerly Uniting Care agencies)

Uniting Church Parish Missions

Uniting Housing

Where appropriate, comparative information has been restated or reclassified to ensure comparability with the current reporting period.

The financial report was approved by the Standing Committee as at 28th April 2017.

(a) Property, Plant and Equipment

Property, Plant and Equipment are included at cost less where applicable any accumulated depreciation. All assets (excluding the land component of each asset) are depreciated over their estimated useful lives using the straight line method.

Camp Sites	50 Years	50 Years
Computer Equipment	3 Years	3 Years
Office Furniture and Equipment	5 Years	5 Years
Motor Vehicles	5.56 Years	5.56 Years

(b) Inventories

Inventories are measured at the lower of cost or net realisable value. Costs are assigned on a first-in first-out basis for stationery stock and on an average cost basis for UniChurch & Resources Stock.

(c) Employee Benefits - Lay Staff

Liabilities arising in respect of wages and salaries, annual leave, sick leave and any other employee benefits expected to be settled within twelve months of the reporting date are measured at their nominal amounts based on remuneration rates which are expected to be paid when the liability is settled. All other employee benefit liabilities are measured at the present value of the estimated future cash outflow to be made in respect of services provided by employees up to the reporting date.

(d) Insurance Fund Operations

Insurance Fund Operations, as included in Synod Funds and Reserves, arranges the following major insurance covers for the Church in Victoria and Tasmania:

Property (Industrial Special Risks)

Public and Products Liability

Professional Indemnity

Fidelity

Directors/Officers/Employment practices liability

Property Insurance

The Insurance Fund bears the first \$100,000 of each claim for Property claims taken from the Insurance Reserve. Property claims in excess of \$10,000 contribute to aggregate limit of \$1.5m over a 21 month policy period. For a claim exceeding \$100,000, the insurer is responsible for the insurance risk.

Public and Products Liability (PPL) and Professional Indemnity Insurance (PI)

All claims for PPL and PI (including Sexual Misconduct) are subject to an excess of \$100,000.

Fidelity Guarantee

All claims are subject to an excess of \$100,000.

NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Other insurance covers

In addition to these major insurance covers, the Insurance Operations arranges cover for Directors and Officers Liability, Employment Practices Liability.

Adequate levels of cover have been purchased after significant consultation with the Synod's insurance brokers.

Insurance Reserve

The Synod carries a significant level of self-insurance (deductibles). The deductibles are funded by the Insurance Reserve. The Insurance Operations seek to maintain a reserve of at least \$10m to cover any self-insured amounts. The Reserve is reviewed regularly and at 31 December 2016, the Insurance Operations believe it is adequate to cover the self-insured liabilities.

(e) Investments

In line with Synod regulations all excess funds are invested in the UCA Funds Management. This applies to all the funds managed by the Synod Investments in the UCA Cash Portfolio which are valued at cost. Investments in the UCA Growth Portfolio and UCA Australian Equities are considered as acquired for long term investment and are therefore considered to be classified as Available for Sale. These investments are valued at their fair value with movements taken to an unrealised gains reserve.

Investments in the UCA Growth Portfolio and UCA Australian Equities Portfolio are classified as Level 1 as per the fair value hierarchy described in AASB 7 Financial Instruments: Disclosures.

Interest income from investments is recognised as earned and where appropriate is reinvested.

(f) Cash and Cash Equivalents

Cash includes the Synod working capital bank account, petty cash floats to Synod and agencies and operating accounts for other Synod agencies such as Narana, Bayview Homes, Centre for Theology and Ministry, Merricks Lodge, Grantville Lodge and Norval Conference Centre.

(g) Tax Exemption

The Synod is exempt from payment of income tax under Section 50-5 of the Australian Income Tax Assessment Act 1997.

(h) Receivables

All trade debtors are recognised at the amounts receivable when they are due for settlement. Collectability of trade debtors is reviewed on an ongoing basis. Debts which are known to be uncollectible are written off. A provision for doubtful debts is raised when some doubt as to collection exists.

(i) Trade and Other Creditors

These amounts represent liabilities for goods and services provided to the Synod prior to the end of the financial year and which are unpaid. The amounts are unsecured and are usually paid within 30 days of recognition.

(j) Goods and Services Tax (GST)

Where applicable, GST incurred by the Synod, that is not recoverable from the Australian Taxation Office, has been recognised as part of the transaction to which it applies. Receivables and payables are stated exclusive of GST.

The amount of any GST recoverable from, or payable to, the Australian Taxation Office is included as a receivable or payable in the Statement of Financial Position.

(k) Income

Grants, Contributions

Income is recognised when the right to receive the grant or contribution has been established.

Gifts, Donations & Bequests

Income is recognised when the right to receive the gift, donation or bequest has been established.

Sale of goods

Income from sale of goods is recognised upon delivery of goods to customers.

Fees & tariffs

Income is recognised when the right to receive the fee or tariff has been established.

Insurance premiums

Income is recognised when the right to receive the insurance premium has been established

Interest

Interest income is recognised on a time-proportionate basis using the effective interest method.

Mission and Service Giving

The Synod accrues mission & service giving by congregations relating to the reporting period which are received after year end and before the books of account are closed.

 $Proceeds \ from \ sale \ of \ church \ property$

Income for the Synod's share of proceeds of congregational property is recognised according to the application of Property Sale Proceeds policy. This policy applies a tiered application of sharing between the congregation and the wider church (the Synod). Funds are recognised after settlement and provided there no exemption applied

All income is stated net of the amount of goods and services tax (GST).

NOTE 1: STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(l) Impairment of Assets

Assets with an indefinite useful life are not amortised but are tested annually for impairment.

Assets subject to annual depreciation or amortisation are reviewed for impairment whenever events or circumstances arise that indicate that the carrying amount of the asset may be impaired. An impairment loss is recognised where the carrying amount of the asset exceeds its recoverable amount. The recoverable amount of an asset is defined as the higher of its fair value less costs to sell and value in use. For a not-for-profit entity, value in use is determined based on the depreciated replacement cost of the asset.

(m) Provision for Ministers Benefits

During the year the Synod changed its accounting policy in relation to Ministers LSL so that the funds received are treated as pooled funds to be fully paid to the respective ministers rather than as a LSL liability of the Synod. As a result of this change liabilities were increased by \$616,000 and an increase in expenses of the same amount was recorded. No adjustment to prior period figures has occurred as the impact of this change is not considered to be material to any individual period.

(n) Property Settlements in Trust

Property settlements in trust represent sale proceeds received from the sale of church property where a decision on the distribution of proceeds is yet to be determined or the settlement is incomplete.

(o) New Accounting Standards and Interpretations

A number of new and revised standards became effective for the first time to annual periods beginning on or after 1 January 2016. Information on the more significant standard(s) is presented below.

AASB 2015-4 Amendments to Australian Accounting Standards – Financial Reporting Requirements for Australian Groups with a Foreign Parent AASB 2015-4 amends AASB 128 Investments in Associates and Joint Ventures to ensure that its reporting requirements on Australian groups with a foreign parent align with those currently available in AASB 10 Consolidated Financial Statements for such groups. AASB 128 will now only require the ultimate Australian entity to apply the equity method in accounting for interests in associates and joint ventures, if either the entity or the group is a reporting entity, or both the entity and group are reporting entities.

AASB 2015-4 is applicable to annual reporting periods beginning on or after 1 July 2015

The members of the Standing Committee have not yet assessed the impact of these standards and interpretations in detail, but they are not expected to have a material impact.

(p) Business combination

The Synod applies the acquisition method in accounting for business combinations. The consideration transferred by the Synod to acquire a business is calculated as the sum of the acquisition-date fair values of assets transferred, liabilities incurred and the equity interests issued by the Synod, which includes the fair value of any asset or liability arising from a contingent consideration arrangement. Acquisition costs are expensed as incurred.

The Synod recognises identifiable assets acquired and liabilities assumed in a business combination regardless of whether they have been previously recognised in the acquiree's financial statements prior to the acquisition. Assets acquired and liabilities assumed are generally measured at their acquisition-date fair values.

Goodwill is stated after separate recognition of identifiable intangible assets. It is calculated as the excess of the sum of: (a) fair value of consideration transferred, (b) the recognised amount of any non-controlling interest in the acquire, and (c) acquisition-date fair value of any existing equity interest in the acquiree, over the acquisition-date fair values of identifiable net assets. If the fair values of identifiable net assets exceed the sum calculated above, the excess amount (ie gain on a bargain purchase) is recognised in profit or loss immediately.

(q) Project receivables

Project receivables are amounts expended on property projects where either:

(a) the project relates to property held by the Synod and amounts are expected to be refunded by development partners; or (b) they are funds provided to congregations to assist the development of their properties and the amounts provided will be returned to the Synod upon successful development of the properties.

Project receivable amounts are measured at cost and are assessed for impairment at each reporting date.

The Synod provides a range of services to the community and related Uniting Church entities.

The Synod continuously monitors defaults of customers and other counterparties; identified either individually or by group, and incorporates this information into its credit risk controls. Due to the nature of the Synod's operations, trade debtors primarily relate to other entities that operate within the Uniting Church. The Synod monitors the financial performance of these entities in making its assessment of credit risk.

Some of the unimpaired trade and other receivables are past due as at the reporting date. Information on financial assets past due but not impaired are as follows:

	2016	2015
	\$'000	\$'000
Gross Amount

More than 60 days but not more than 90 days	32	52
More than 90 days	230	295
Total	8,122	2,199

In respect of trade and other receivables, the Synod is not exposed to any significant credit risk exposure to any single counterparty or any group counterparties having similar characteristics. Trade receivables consist of a large number of customers operating within the Uniting Church. Based on historical information about customer default rates management consider the credit quality of trade receivables that are not past due or impaired to be good.

The carrying amounts disclosed above are the Synod's maximum possible credit risk exposure in relation to these instruments.

There were no other related party transactions during the financial year.

NOTE 22: CONTINGENT LIABILITIES

In 2014 a bank guarantee in favour of Persephone Investment Pty Ltd was issued, which was the undertaking required as a condition of a commercial lease. The amount of guarantees was \$102,081 and will expire in March 2019. The commercial lease was undertaken by Connections UnitingCare who will maintain a balance in their Funds Management account equal or greater to the amount of this bank guarantee.

The Synod entered an agreement with the Australian Province of the Society of Jesus (Society) in relation to the Dalton McCaughey Library. Under this agreement if the agreement is terminated before the fifteenth anniversary of the commencement date (1/01/2007) the UCA shall pay the Society the remaining unamortised amount of the \$1.200m contribution, based on a straight line amortisation to a zero balance over fifteen years. If the agreement is terminated after fifteen years because of actions by the UCA, sale or change of use, the UCA will pay the Society 40% of an agreed professional valuation of the library.

The task group established by the Synod continues to monitor the outcomes of the Royal Commission into Institutional Response to Child Sexual Abuse (Royal Commission). The Synod continues to pledge itself to cooperate fully and honestly with the Royal Commission. At this time, the Synod is yet to receive a Notice to Produce/Summons to Appear at the Royal Commission and therefore it is unable to estimate the future costs of cooperating with any such directives.

From time to time claims may be made by individuals against the Synod for compensation for alleged abuse.

An excess applies to any claim made, with this excess borne by the UCA entity against which the claim has been raised, and on indemnity being granted the UCA Insurers pay those amounts incurred above the excess. As there are no claims currently registered directly against the Synod office, any potential liability cannot be quantified. However, insurance cover is held as referred to in policy note 1(d) and coverage is in accordance with policy wording and cover.

Claims made by individuals against agencies of the Uniting Church in Victoria and Tasmania will be the responsibility of those agencies and no financial obligations will be borne by the Synod as a result of these claims.

Synod Trust Lawyers and finance staff are currently assessing the potential restitution payable to the Trust known as Goulburn Valley Youth Development Programme, as a result of possibly not adhering to the requirements of the Trust instrument. The amount of the restitution payment has not yet been quantified.

NOTE 23: FINANCIAL RISK MANAGEMENT

The Synod is exposed to a variety financial risks comprising:

- (a) Liquidity risk
- (b) Credit risk
- (c) Interest rate risk
- (d) Market risk
- (e) Fair value

The Standing Committee has overall responsibility for identifying and managing operational and financial risks.

(a) Liquidity risk exposures

The entity's exposure to liquidity risk has been considered and is mitigated by sufficient amount of surplus funds being available to the entity to ensure no difficulties are encountered in meeting obligations associated with the settlement of their financial liabilities.

(b) Credit risk exposures

The credit risk on financial assets which has been recognised on the statement of financial position, is generally the carrying amount net of any provisions for doubtful debts. There are no concentrations of credit risk to a single entity or group of entities.

NOTE 23: FINANCIAL RISK MANAGEMENT (Continued)

(c) Interest rate risk exposures

The entity's exposure to interest rate risk and the effective weighted average interest rate by maturity periods is set out in the following table.

Unit price risk for Uniting Church Growth Fund

Investments held in the Uniting Church Growth Fund at fair value through equity are measured at fair value at reporting date based on current unit prices. If unit prices were to increase or decrease by 10% from fair values as at the reporting date, assuming all other variables that might impact on net assets remain constant, then the impact on net assets is detailed in part (f) of this note.

NOTE 23: FINANCIAL RISK MANAGEMENT (Continued)

(e) Fair value of financial assets and liabilities

The fair value of cash and cash equivalents and non interest bearing monetary financial assets and financial liabilities approximates their carrying amounts.

The net fair value of other monetary financial assets and financial liabilities is based upon market prices where a market exists or by discounting the expected future cash flows by the current interest rates for assets and liabilities with similar risk profiles.

All financial assets measured at fair value are based on level 1 inputs in the fair value hierarchy. No transfers across levels has occurred.

(f) Sensitivity Analysis

The Synod's interest-bearing assets expose it to risks associated with the effects of fluctuations in the prevailing levels of market interest rates on its financial position and cash flows. The Synod's assets are invested in floating rate interest bearing investment.

Price risk is the risk that the fair value of a financial instrument will fluctuate because of changes in market prices. The maximum risk resulting from financial instruments is determined by the fair value of the financial instruments.

The Synod is exposed to equity security price risk.

Royal Commission

Due to the continuing work required for the Royal Commission into institutional response to Child Sexual Abuse, the task group will be seeking further funding of approximately \$0.740m for its continuing work.

Major Strategic Review (MSR)

MSR has completed their review and recommendations regarding strategy, governance and financial sustainability. The Strategic Implementation Review Team is in the early stages of planning, assessing priorities and the financial implications required to address the initiatives in the areas of strategy, governance and financial sustainability.
